

# Music and Movement Class

## **January**

January has been a great month in our Music and Movement classes! The month started with the children reviewing all of their locomotor skills. We have worked very hard on our running, galloping and skipping skills. We played our trampoline game and even used our colorful parachute. We have also been working on learning the difference between “same” and “different” while playing our ball clean up game. The children have done a wonderful job at learning how to bring back 2 of the same balls or 2 different balls. It is a difficult skill and they have made wonderful progress – I am VERY proud of them! Keep up the great work everyone!!

## **February**

In February, we will be starting to work on ball handling skills. We will work on bouncing and catching a playground ball as well tapping and catching a balloon. We will also learn how to throw with an overhand and an underhand motion.

The children are doing a fantastic job! It is amazing to watch just how much they progress and grow in the time they are here. Keep up the great work everyone!
